

Doscher's Candy Factory Tour*

Thursday, October 29, 2026 @ 12:30PM

Following 11AM Lunch at the Mercer Social House

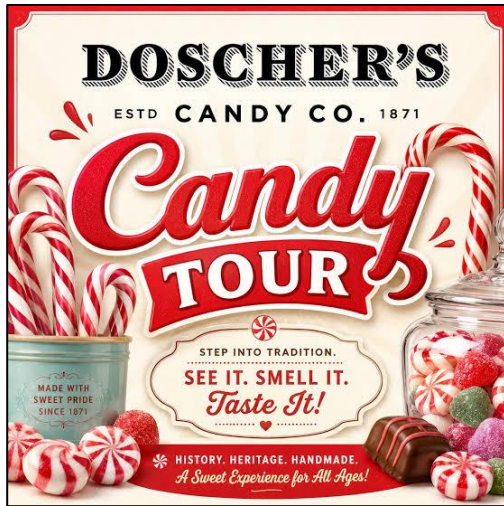

Doscher's Candy Factory
6926 Main Street, Cincinnati (Newtown), OH 45244

What better way to get into the holiday spirit than by touring America's oldest candy cane factory? In 1871, Claus Doscher created the first Doscher's handcrafted candy cane in Cincinnati, Ohio. His process involved using real peppermint oil, cooking small batches in copper kettles, and working with the best tools known to man – his hands – to roll, knead, stripe, and hook the canes.

For nearly 150 years, Doscher's has used the same recipe to ensure each of their candy canes is perfectly chewy and airy. They use the same copper kettles and time-honored techniques so that every candy cane is a one-of-a-kind piece of confectionery art.

But Claus didn't just make candy canes. He helped create holiday fun and traditions that will last forever. Our tour will let you experience old world candy making at its finest.

**Note: This activity replaces the originally scheduled October excursion to Pittsburgh. We hope to reschedule the Pittsburgh expedition in 2027.*

The Doscher candy factory is attached to a charming Victorian mansion on Main Street in Newtown, Ohio. The full range of Doscher candies are offered for sale in their extensive gift shop.

The cost for the tour is **\$15.00** each. The tour is limited to 15 people, so please RSVP as soon as possible. We'll confirm tour participants in order of your RSVP submissions.
