

Rumpke Landfill Tour – Colerain Township

THURSDAY, May 8th @ 10:00AM

with lunch at Quaker Steak & Lube

Last year we visited the Rumpke Recycling Center to learn how recycled items are sorted for reuse. This year we'll see what happens to everything that *isn't* recycled.

The landfill tour includes a brief history of Rumpke, an overview of truck types, and explanations of landfill gas removal and recovery, leachate (wastewater) collection, surface water controls and other points of interest. The tour concludes with a description of standard landfill closure processes and future landfill property use.

The tour is limited to 21 people, so be sure to submit your RSVP ASAP. Click the link below to reserve your spot. Positions will be reserved on a first come/first served basis.
